MINING WEAR PARTS

CRUSHER PARTS

MINING WEAR PARTS (MWP), IS A NATIONAL PROVIDER OF CRUSHING EQUIPMENT, COMPONENTS AND WEAR SOLUTIONS AND TECHNICAL SUPPORT.

From crusher audits and component supply through to liner optimisation and ongoing technical support, MWP provides end-to-end solutions for crushing operations across Australia. Supported by engineering expertise, national stock availability, and experienced technical personnel, MWP helps customers improve plant performance, maximise wear life and reduce unplanned downtime.

PREMIUM REPLACEMENT PARTS

Our aftermarket parts are reengineered to address fitting issues, high wear rates, material inadequacies or redesigned to extend life and improve the performance of your equipment. Often, aftermarket parts perform better as they can be customised to suit your specific requirements. We maintain high stock levels of significant parts such as:

- Heads
- Bowls
- Mainframes
- Adjustment rings
- Countershafts
- Top shells
- Main shafts
- Swing stocks
- Bronze bush castings
- Hydraulic cylinders
- Sealing kits
- Head nuts
- Rubber and foam seals
- Sealing rings
- Labyrinths
- Torch rings
- Wedge plates
- Bonnets
- Gears
- Bearings
- Counterweights

QUALITY

Our premium compatible replacement crusher parts are often superior to the original equipment manufactured parts as they can be customised based on the individual's application. Our experienced teams assess the condition of the customers currently installed parts and look for areas of improvement that will increase performance, provide an easier fit or reduce wear.

REVERSE ENGINEERING & PART OPTIMISATION

Our engineering team works closely with customers to optimise crusher wear parts for their specific operating conditions. By refining design, material selection and fit, we help improve wear life, maximise performance and reduce the total cost of ownership.

CUSTOMER OUTCOMES

- Longer wear life
- Fewer shutdowns
- Improved crusher throughput
- Better liner utilisation
- Reduced maintenance costs
- Lower total cost of ownership
